

# CVT Clear Vinyl Tube & Fittings...

Neta Clear Vinyl Tubing — General-purpose, transparent, food grade tube suitable for a wide range of applications. Comes with its own fully patented merchandising dispenser system that you'll be proud to display!

Neta's Patent-protected Merchandising unit ensures all product remains clean and neatly coiled: easy to maintain in pristine condition.

## The benefits of Neta's CVT merchandising system

- Dynamic, highly aesthetic visual display system.
- Window clearly displays the product to the consumer.
- Tube printed with barcode and cut marks at each metre, for convenient dispensing and processing at the checkout.
- Stock Levels can be monitored with handy counting metre marks.
- Easy to restock spools with retractable hood design.
- Compatible with Neta's existing BDS Gondola Shelving System 900mm wide panels.
- Two display pods can merchandise the full range of CVT spools from 3mm to 19mm.
- Labelled coils: short convenient lengths to cover most usages.
- Supplied barcoded and ready for checkout scanning.

Labelled fittings ready for checkout scanning

Hood labels clearly identify product specifications.

Clearly metre-marked and barcoded for easy checkout scanning.

Retractable hood—self serve. No in-store service required.

Coils restock singly.

Labelled coils ready for checkout scanning

## Bulk CVT — for cutting to length in store

General purpose, transparent, food grade tube.

Suitable for a wide range of applications including:

- low pressure delivery
- syphon and drainage lines
- builders water level
- cable or chain protection
- fish tank tube
- water level sight tube
- protective covers

Bulk spools and coils provide a simple and convenient system for retailing "cut to length" CVT.

Handy metre marks and the tube diameter are printed every metre along the full length of the tube.

Merchandise the full range of spools in the new Neta CVT Merchandiser.

*All diameters are inside diameter measurements.*

### Bulk CVT – Available Sizes

| Diameter (mm) | Pack  | Length (m) |
|---------------|-------|------------|
| 3             | Spool | 150        |
| 4             | Spool | 150        |
| 5             | Spool | 100        |
| 6             | Spool | 65         |
| 8             | Spool | 45         |
| 10            | Spool | 35         |
| 12.5          | Spool | 35         |
| 16            | Spool | 25         |
| 19            | Spool | 18         |
| 25            | Coil  | 25         |
| 32            | Coil  | 25         |
| 38            | Coil  | 25         |

## Labelled CVT — for scanning of coils at checkout

Short length, barcode labelled coils, ready for checkout scanning – no in-store service required.

Convenient lengths cover most applications – use what's required for the job and save the rest for a "rainy day".

These popular sizes are labelled and ready to sell.

*All diameters are inside diameter measurements.*
