

Just Add Tank Water!

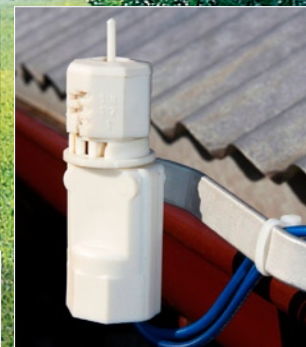

Use Automatic Irrigation Hubs & Dripline to optimise tank water usage

Features and Benefits:

- Fully preassembled and wired with 10 metres of cable.
- Available in both wall-mounted and inground models.
- Kits include professional standard, Nelson Outdoor Controller.
- Rain Sensor Switch ensures compliance with requirements of permanent water restrictions.
- Wall-mounted models available with either 1/2" or 3/4" BSP Tap Take-Off fittings.
- Inground models supplied with 25mm +GF+ End Connector and Valve Box.
- Colour-coded wire harness connected to the valves.
- Pressure tested prior to packing.
- Complies with plumbing regulations.
- Brand name quality components all supplied at a competitive packaged price.
- Use an automatic hub with dripline to make your tank water go further. Drippers direct water to the plant's roots and the slow flow rate helps avoid overwatering.

Hub Components	
Inlet pipe fittings	19mm micro irrigation pipe barb outlets
WaterMark approved stop valve	10m long wiring harness
Manifold fittings	Nelson Rain Sensor
StandardsMark approved dual-check valve	Nelson EZ Pro JR Outdoor Controller – multi-program, water budget, built-in transformer.
1" flow control solenoid valves	

Preassembled to save valuable in-store time and money!
